DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 01 April 2024 at 05:36 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: The recent unsettled weather is expected to continue on Easter Monday with a mixture of occasional fresh breezes and outbreaks of rain helping to keep air pollution levels Low across the UK.

Tomorrow: Tuesday will see little change in the overall weather conditions, with Low levels of air pollution persisting across the UK.

Outlook: Air pollution levels are expected to remain Low through the outlook period, with further periods of rain or blustery winds possible, helping to disperse any pollutants.
